Our Heritage

LGL

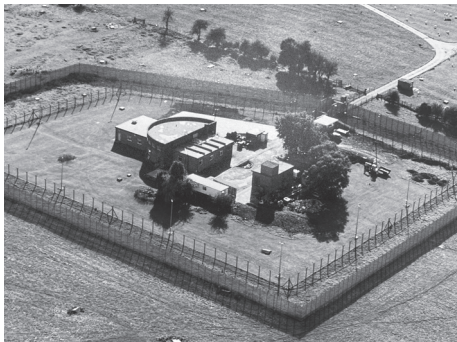

Established 1985 - The journey begins

Quicksharp Services formed the origin of the LGL Group and started its journey as a saw blade re-grinding and sales company in Buckingham.

As LGL grew and developed additional companies further space was required necessitating a move to our current Signal Hill premises.

1999 - Moved to Signal Hill

Signal Hill used to be a government radio station in 1940 (Part of Bletchley Park)

Signal Hill is a large 5-acre site facilitating the future expansion of the group.

'Runners' was created to focus on our sliding solutions range.

In 2005 as the group continued to grow, further investment was made into a 12,000 sq. ft. warehouse/distribution facility within the Signal Hill site.

June 2011 - Probox joins LGL

LGL identified a customer need in the market to outsource the production of high quality timber dovetail drawer boxes and other timber kitchen components, resulting in LGL acquiring Probox, which has continued to develop and has now added a new cabinet door & frame production facility in Manchester.

June 2013 - Quest re-brand

A powerful and recognisable re-brand was needed to encompass the wide range of consumables and hardware...Quest was born.

June 2021 - G&G acquired by LGL

To enhance LGL's offering to the kitchen industry G&G is purchased, a manufacturer of plastic drawer inserts.

our history

Our Core Values

The LGL team has 5 core values which have become our guiding principles for how we operate.

INTEGRITY

Integrity is deep honesty and truthfulness. It includes walking our talk, demonstrating humility and acting with courage.

CARE

We are respectful and motivated to do the right things for the right reasons. We take internal and external commitments seriously.

CAPABILITY

We get the job done in a confidence-inspiring manner. Relevant, talented and trained. We meet and exceed operational requirements and our customers' expectations.

SUCCESS

We have a spirit of urgency and a record of accomplishment. Work smart, work hard, have fun, happy customers and amazing rewards.

TRUST

"Nothing is faster than the Speed of Trust"
Integrity, Care, Capability and Success = Trust

Sustainability

Carbon neutral by 2050

As part of the Net Zero Strategy, LGL are committed to being Carbon neutral by 2050.

The mark of
responsible forestry

Probox are FSC® certified

Our Probox products come in a choice of the best quality timbers and can be supplied FSC® certified.

For every order Probox receive we pledge to plant a tree

Probox are working with One Tree Planted, to help with reforestation around the world. This reforestation is critical to protecting the climate, forests and to build communities. Also a key part to our sustainability promise.
