...found in all the best kitchens

Welcome to the Probox Door & Frame range

Probox is the UK's leading manufacturer of dovetail drawers, components and wooden doors & frames. A trusted partner of the kitchen and furniture industry for nearly over 20 years.

Our commitment to the industry continues in consistently providing the best, not only in quality but in reliable on-time service. Our door and frame products are no exception, they are produced in-house using state of the art computerised machinery and processes. We manufacture to your bespoke sizes, specification and finish choice using selected timbers.

With Probox you can expect accurate products arriving in-step with your workflow. Service you can build your business on.

We are FSC Certified

Our products come in a choice of the best quality timbers including FSC® certified.

For every order we receive we pledge to plant a tree

We are working with One Tree Planted, to help with reforestation around the world. This reforestation is critical to protecting the climate, forests and to build communities.

Made to measure Doors and Frames made simple

Our U.K. production facilities consist of state-of-the-art computerised machinery and processes in addition to traditional methods, which enable us to produce the exceptional quality that is synonymous with Probox whilst remaining a competitive and effective outsource solution for kitchen and furniture manufacturers throughout the UK.

With over 20 years of service to the industry we are well placed to support your business with made to measure doors and frames tailored to your requirements.

Easy ordering

We work quickly and efficiently to produce bespoke doors and frames to your bespoke sizes and specifications ([see page 9.0](#)). Our seamless 3 step process makes it easy for you to:

1. Order - this can be via email or online Probox configurator ([see page 5.0](#)).
2. Confirm - every order is acknowledged via email for you to confirm before production.
3. Receive - Each delivery is made on time, carefully wrapped and ready for their next step.

RECEIVE

Short lead times

We know that deadlines are critical and time is money. Our unique factory is geared to produce bespoke product in as short a lead-time as possible, ensuring on-time deliveries of consistent quality products that you can rely on time after time. Typically we are delivering bespoke orders within 2-3 weeks.

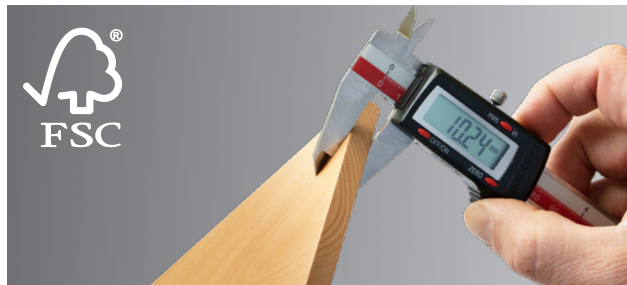

Grow your business

Having a robust outsource partner with large production capacity could be the key for your growth. Working with Probox allows you to confidently scale your business to new levels and gives you the space to concentrate on other areas of your production at the same time.

Dedicated Customer Service

Every order is handled by an experienced account manager who understands the products and is on hand to make sure each detail is correct and covered. Our aim is to understand your business and needs better so we can proactively support you as effectively as possible.

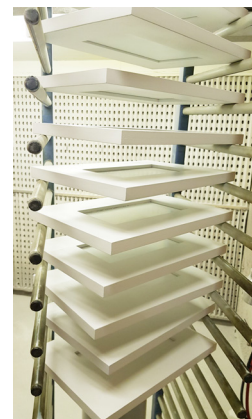

Stringent Material Selection

All timber is carefully sourced and selected to ensure our products are the very best they can be.

Being FSC registered means we can accommodate any requirements for certified products.

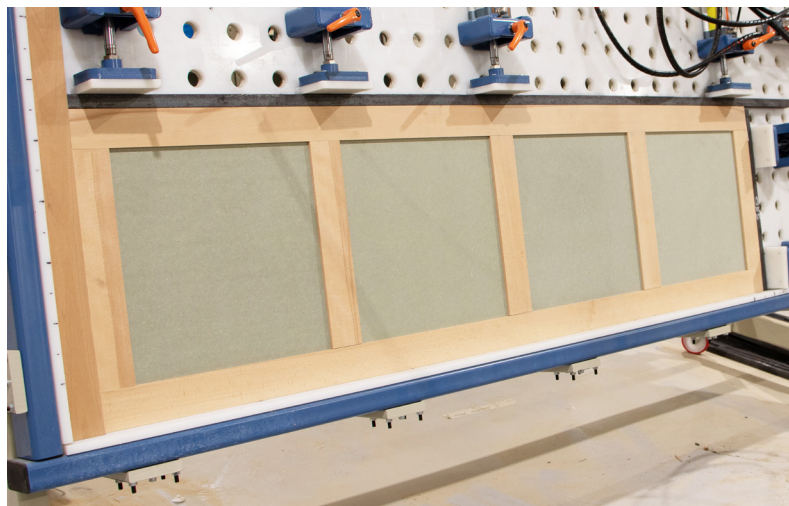

Priming and Painting Service

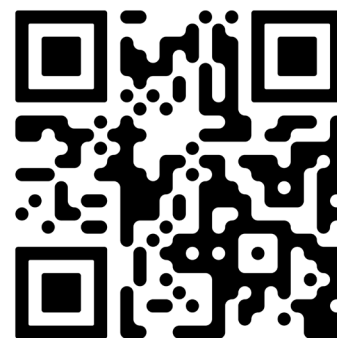

Our in house paint line with 3D scanning and robotic spray heads delivers consistent, accurate results every time. A range of primed colour options are available including clear lacquered finish.

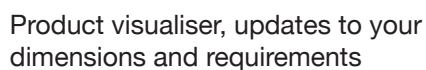

State of the Art Production Facility

Probox is committed to a mission of continual improvement and producing 'World Class' products. We are regularly investing in the latest technology and production methods.

Quick and reactive 3D product configurator, quickly adapts to designs, sizes and options selected
